

YOUTH FOR STEM EQUITY STORIES & STEM

FREE BEXLEY LIBRARY PROGRAMS

2411 E Main St, Columbus, OH 43209

MISSION

Youth for STEM Equity (YSE) is a student-led, non-profit organization based in Columbus, Ohio that works towards increasing academic opportunities available to individuals through interactive and gamified models of learning such as STEMscapes. It aims to make STEM education engaging, equitable, but most importantly, inspirational. Every kid deserves a chance to succeed no matter their background.

EQUITY

Progress is making academic disciplines more inclusive to bring in diverse perspective that contribute to innovation.

EDUCATION

Education starts a journey to explore ourselves and truly understand the passions and skills that can lead to success.

ENGAGEMENT

Actively engagement and the universal will to bring change establishes a societal need to bring DE&I in STEM and fields beyond.

STEMSCAPES

STEMscapes are come-to-life and gamified STEM Escape Rooms. They are a new mode of learning that pushes students to solve a series of puzzles faced by industry professional within a time frame.

STEMscapes lead students to retrain information and be more engaged.
