

Autism Cares Foundation™

was founded in 2007 by the parents of a child with autism and other professionals to offer life-enriching experiences for the autism spectrum community in a safe and welcoming environment.

Today, we provide children, young adults and families with opportunities for life-skills development and social interaction on a regular basis. Each year, we serve more and more children and families, a sign that our programs are a necessary and vital link to an underserved population.

Rather than raising money for research, our funds provide direct benefit to the children and young adults on the spectrum, helping to improve their life experiences today.

Our Learning Lab The Autism Cares Foundation opened our **Learning Lab** in 2010, featuring computers, software, iPod Touches and iPads for families to “try before they buy.”

ACTIVITIES TODAY

Since its inception, Autism Cares Foundation has provided fun-filled recreational activities free of charge in Bucks County for children and young adults with autism and their families including:

- bounce outings
- bowling
- physical fitness activities
- social activities & dances
- life skills development
- “Autism Rocks” music events
- family movies
- arts & crafts
- networking opportunities for parents
- specialized teen and young adult workshops & social events.

A CENTER TOMORROW

While we’ve already accomplished so much, we still have a long way to go.

Our vision is to develop a comprehensive Autism Resources Center, serving Bucks County and surrounding areas.

A permanent place of our own will allow us to schedule more activities. The Center will also be a place where families can find local resources to fit their specific needs.

We envision this Center as a place that people on the autism spectrum can eventually call home ... a safe, loving place where the children we now serve can live and thrive when their primary care takers can no longer take care of them.

JOIN US

as a volunteer or a donor and help us make our vision a reality!

The Future LOOKS BRIGHT

In addition to raising money through grants and donations, we hold two primary fundraisers each year, which also allow us to move closer to our long-term goal of opening an Autism Resources Center:

- **Our spring Gala and Auction**, a black-tie optional affair that raises money while allowing attendees to dine and dance for our important cause.
- **Our fall Race for Resources**, which includes a 10K/5K race and a 2-mile walk, and includes an Autism Expo to allow families to investigate services and products.

All of our events, activities and fundraisers are run by parents, loved ones, and friends of **Autism Cares Foundation** who volunteer their time so all monies go directly to the children and young adults we serve.

Help Us Help Others.

Our goal to create an Autism Resources Center is bold and broad—yet vital to the many children and young adults on the autism spectrum who will soon grow up to be men and women.

Support the Autism Cares Foundation and make a difference now and in the future for children with lifelong disabilities.
