

ACCESSING TREATMENT

CALL CBH MEMBER SERVICES

Call **1-888-545-2600** 24/7 365 days/year to gain assistance with accessing publicly funded Substance Use Disorder (SUD) treatment and services.

Community Behavioral Health (CBH) manages behavioral health services for Philadelphia residents enrolled in Medicaid and can also assist you if you are uninsured or not sure of your insurance coverage.

Other common Philadelphia insurers:

Medicare: 1-800-MEDICARE (1-800-633-4227)

Magellan Healthcare: 1-800-688-1911

Behavioral Health Special Initiative (BHSI): 215-546-1200

WHAT TO EXPECT

Treatment Begins with an Assessment:

Addiction professionals use criteria to help determine the setting and intensity that will help you achieve the best outcomes. The Pennsylvania Client Placement Criteria (PCPC) and American Society of Addiction Medicine (ASAM) Criteria are the criteria most frequently used to determine medical necessity.

Residential and Hospital Treatment:

If the evaluator determines that residential treatment would help achieve the best results for you, they will contact your insurer to obtain approval to move forward with treatment and help you find and get to a facility that can provide the rehabilitation, detoxification/withdrawal management, or hospital based treatment that is appropriate.

Community Based and Outpatient Treatment:

Many people can and do recover from their addiction with the support of an outpatient treatment program. For outpatient treatment, contacting your insurer is the best way to find a convenient option.

There are three levels of outpatient treatment:

- traditional outpatient
- intensive outpatient
- partial hospitalization programs.

These programs combine counseling with medication to help individuals reduce symptoms and triggers of addiction, while strengthening a person's ability to cope with cravings. The main difference between levels is the intensity and frequency of treatment visits. If you are currently enrolled in a community treatment program, they can also assess you for additional needs, such as residential treatment. *See the attached list of community treatment programs.*

If you are uninsured, covered by Medicaid/CBH, or not sure of your insurance coverage, contact CBH Member Services at 1-888-545-2600 24/7, 365 days/year to gain assistance with accessing publicly funded SUD treatment and services.

In the event of a medical emergency, please call 911 and go to the nearest emergency room.
