

# Resources for those financially impacted by COVID-19

## UNEMPLOYMENT:

1. If your employment has been affected by the coronavirus (COVID-19), apply for benefits either online at any time using [Unemployment Benefits Services](#) or by calling TWC's Tele-Center at 800-939-6631 from 8 a.m.-6 p.m. Central Time Monday through Friday.

TWC is experiencing an increase in call volumes and hold times on our Tele-Center phone lines. You are encouraged to use our online claim portal, [Unemployment Benefits Services](#) (UBS), to handle your claim needs quickly. UBS is available 24 hours a day, seven days a week. We also encourage you to sign up for [Electronic Correspondence](#) so you can receive your TWC communications online as soon as possible.

TWC will investigate why you lost your job and mail a decision explaining whether you are eligible for unemployment benefits.

## HOME INTERNET ACCESS

1. If you do not have internet access at home, or cannot afford to maintain it, but need internet for work or school, there are several options available through providers:
  - [Comcast Internet Essentials](https://www.internetessentials.com/covid19), (<https://www.internetessentials.com/covid19>) a low-cost home internet package for qualifying individuals and households, is now available for free for the first two months.
  - [Charter Communication's Spectrum](#) unit has decided to offer assistance to families specifically with those students in mind. The Internet provider has announced that, for 60 days, it will offer free Spectrum broadband and Wi-Fi access to households with K-12 and/or college students who don't already have a Spectrum broadband subscription. Moreover, that free package extends to any service level up to 100 Mbps. All you have to do to enroll is call **1-844-488-8395**, and installation fees will be waived for new student households.

On a related note, a number of wireless carriers in the US last week signed on to the FCC's Keep Americans Connected Pledge, which includes several dozen major wireless carriers like AT&T as well as Internet service providers like Comcast. The idea is to commit to maintaining service and waiving late fees for customers who have trouble paying because of the coronavirus crisis. If you have questions or concerns about your internet connection, contact your provider or visit their website for more information.

Through April 16, Bexar County's four justice of the peace courts won't hear eviction cases or force people out of their homes through the writ of possession process, the courts said Monday.
